Saurelle Ngueface

TSSR Student – Systems, Networks and Cybersecurity | Seeking a work-study placement (alternance) in Île-de-France

Work-study - 2 weeks company / 2 weeks school - Available immediately

saurellenguefack543@gmail.com · Île-de-France · github.com/saurellenguefack543-dotcom · TSSR journal · TSSR blog

SKILLS

Networks
TCP/IP, IPv4 addressing, VLANs, routing, Cisco Packet Tracer, Wireshark, VoIP

Security
Sophos, Fortinet, VPN, IDS/IPS, Wallix Bastion

Systems
Active Directory, GPO, Windows Server, Linux, Veeam Backup

Monitoring
Nagios, Centreon, PRTG

Tools
Python, Git, HTML/CSS/JS

CERTIFICATIONS

CCNA Introduction to Networks
Cisco Networking Academy · Oct. 2026

Security Operations and Defense Analyst
June 2026

LANGUAGES

French — native

English — fluent, technical English in progress

ENGAGEMENT

President of the student union (BDE) at Green Up Academy (since 2026)

Volunteer at Instant Social by Rose (France)

PROFILE

I have been preparing the TSSR qualification (Advanced Technician in Systems and Networks) at Green Up Academy since October 2026, with the goal of becoming a cybersecurity engineer. I bring hands-on experience in firewall administration, Active Directory and infrastructure monitoring. I also contribute to open source, in particular the odoc project (OCaml).

EXPERIENCE

IT Technician
Sept. 2024 – Nov. 2024

Cybervillage — Bafoussam, Cameroon

- Security incident monitoring that reduced response times by 30%
- Administration of Sophos and Fortinet firewalls (VPN, IDS/IPS, web filtering)
- Endpoint protection with Trend Micro Deep Security and audits with Netwrix Auditor
- Administration of Active Directory and Group Policy Objects (GPO)

Networks and Security Intern
Apr. 2024 – June 2024

Afrikanet Online SARL — Yaoundé, Cameroon

- Installation of surveillance cameras and biometric time clocks
- Remote security monitoring of sites
- Infrastructure monitoring with Nagios
- Migration of MikroTik routers

EDUCATION

Green Up Academy, Paris
since Oct. 2026

TSSR qualification (Advanced Technician in Systems and Networks, RNCP level 5). Modules in progress: IP networks, Windows and Linux, logic and graphs.

IUT Fotso Victor, Cameroon
2023 – 2024

DUT in Networks and Telecommunications.

PROJECTS AND OPEN SOURCE

Contribution to odoc (OCaml)
Adding a default favicon to the HTML documentation (issue #1160), supervised by Basile Starynkevitch.

TSSR journal
Public training log: lab notes, IP addressing, VLANs, Linux and cybersecurity watch.
